

1996-2006

Wow, it's really been that long? 10 years since I started 1DOWN. 10 long hard years of the best times of my life and it's still only the beginning. That's some funny shit. It was 10 years ago at the age of 23 I told myself I'm tired of working for "the man", I'm gonna start my own business so I can kick back and work for myself. Shit, I've never worked so hard, worried so much, slept so little, and I

ain't had a day off yet. Being SELF EMPLOYED is no joke. This shit is a 24/7 grid everyday. I figured I would treat myself with a reward by being the first guy on my cover. I'm not a dancer, nor am I a xxx performer, and

I'm not even a rapper or a professional athlete, I'm just Goldie DeWitt, the guy who started 1DOWN. Is that good enough to make cover? Shit, Oprah has her very own magazine and she features herself on every cover, fuck it, why cant I?
